

FΞNIX

WELCOME TO

FΞNIX

Earth, Air, Water & Fire — four distinct elements defining the four core tastes on our cocktail menu. Each drink has been meticulously designed, masterfully crafted, and inspired by ancient Greek mythology. Just like the pantheons, these glasses are filled with heroes, heroines, Gods and Goddesses.

EARTH

While we often believe Gods exist in their own realm, Greek mythology puts many deities much closer to home, at the summit of Mount Olympus. We celebrate the bounty of our shared home by using some of Earth's most exquisite produce to make drinks fit for the ancient Theos.

HEDONIST TEMPTATION

Haku vodka, Everleaf Mountain, chocolate wine and
Laurent-Perrier Champagne

14.50

Dionysus certainly knew how to have a good time. God of wine and harvest, this fun-loving figure is the founding father of hedonism — the pursuit of pleasure. We offer thanks to his ritualistic revelry by mixing two of the planet's most indulgent ingredients, Champagne and chocolate.

MEDUSA'S CURSE

Hepple gin, peach sherry, orange and lemon

12.50

Medusa was a beautiful woman who fell on endless hardships at the hands of men. Upon death, her hair transformed into a den of snakes and she was granted the power to turn males into stone with one look. Our subtly sharp, citrus blend is similarly captivating.

DIRTY OLD FASHIONED

Macallan Double Cask 12, Maker's Mark, oregano and olive oil

14.50

Olives are an icon of Greek culture and cuisine, and in mythology most associated with Athena, who gifted a tree bearing this bitter fruit to the citizens of Athens in a bid to control the city. Combining the finest scotch and bourbon, we bestow this sophisticated short on our own hometown.

HERBAL INFUSION

Garden botanicals, Kalamata olives, oregano and thyme

*With Brugal 1888

8.00 / *12.00

A daisy-style refresher which combining herbs and botanicals that helped define Grecian cuisine. A bouquet of aromas invoke the bounty of herbs we most associate with Hellenic landscapes, making this our homage to one of the most beautiful places on Earth.

AIR

Fenix is governed by the separate but interconnected powers of sun and moon, night and day. Both rooted in air, our fourth element, here we turn to stories of life as a journey and the passage of time. Grieving mothers, silver chariots, the road to experience, learning and loss.

APOLLO'S LEMONADE

**Crystal Head vodka, Fenix Lemon Drop, orange
and London Essence soda**

13.50

One of the twelve Olympians, Apollo is brightness and light personified. God of the sun, his good looks were only surpassed by his mastery of myriad skills, hence presiding over facets of Greek culture including music, archery, and prophecy. Our alcoholic version of lemonade is equally vibrant.

CIRCE'S POISON

El Dorado 3, sour cranberry, Cointreau and lime

12.50

With an unparalleled knowledge of herbs and potions, Circe's power came in the ability to metamorphose enemies and those who provoked her. Working up from a classic Cosmopolitan, we introduce more acidity to deliver a punch worthy of that fiery personality.

MOONLIGHT MULE

Ocho Blanco tequila, sweet raspberry, canela and London
Essence ginger ale

12.50

Selene was the daughter of Helios, and Goddess of the moon. Crossing the sky each night on a silver chariot driven by her favourite horses, she offers us protection after dark. This is reflected in our combination of warm and light flavours as refreshing berries are mixed with deeper spices.

RIVER STICKS

Everleaf Mountain, Wavelength Aperitif,
pomegranate, and London Essence soda

*With Patrón Silver

10.00 / *13.00

Inspired by the story of Persephone, who was kidnapped by Hades and taken to the underworld where she ate six pomegranate seeds, we present an offering to the river that led ancient Greeks to their afterlife, an area known for its rich fruit and herb-bearing terrain.

WATER

Water is omnipresent in Greek culture. Stories of great maritime adventures and the epic voyages of heroes across ancient seas dominate this history, and Homer's legendary poem, *Odyssey*, is the most famous. We make an offering to the ultimate ocean-faring tale with our own timeless masterpieces.

SIRENS CALL

Grey Goose vodka, blood orange, sweet tomato and toasted coral

11.50

With their beautiful singing voices, the mythical Nereids lure unsuspecting sailors to shorelines where their ships run aground or are dashed on the rocks. Enticed by those melodies, we have matched pitch-perfect tones with a sublime cobbler, marrying the taste of berries to more savoury notes.

WHIRLPOOL FIZZ

Bombay Premier Cru, stone fruit, cider apples and blue bubbles

14.00

When Homer speaks of being “between Scylla and Charybdis” he is talking about tough decision making and a choice between the devil and the deep blue sea which ultimately ends in disaster. Our take on this is awash with fruit flavours, from the juniper of refined gin to tart cider apples.

THE ODYSSEY

Otto's Athens vermouth, Kings Hill gin, thyme, Syrah
and London Essence soda

12.00

A true epic, The Odyssey is one of two major works by Homer. Divided into 24 individual books, the story deals with themes of wandering and the return, invoking the inquisitive nature of humankind. Equally inimitable, our refined take on sangria complements sweet with savoury for an unforgettable flavour.

COASTAL MIST

Everleaf Marine, juniper, citric burst and London Essence tonic

*With Grey Goose Peach and Rosemary

10.00 / *12.50

Influenced by coastal produce and flavours found on the Greek islands, here a classic gin and tonic turns into a uniquely Grecian form of refreshment, with subtle seaside botanicals like juniper and kelp contrasting a dominant bright and punchy citrus profile.

A background image of a phoenix rising from flames. The phoenix is a mythical bird that is reborn from its own ashes. In this image, the phoenix is depicted as a silhouette of a bird with its wings spread, rising from a nest of flames. The flames are bright orange and yellow, and the phoenix is a dark silhouette. The overall image has a warm, fiery feel.

FIRE

Fire represents strength, courage, wisdom and the beginning of new life. The phoenix nest is made of flames and embers, and as this rare bird rises from the ashes it is reborn. In tribute, our mixologists have developed a selection of drinks governed by the smoky flavours of the charcoal grill.

HERACLES' EIGHT TRIAL

Signal Hill whisky, vermood rosso, watermelon oleo and lemon

14.50

Son of Zeus and Alcmene, divine monster-slaying hero Heracles was forced to undertake a series of trials. The eighth was capturing a herd of man-eating and fire-breathing horses from Diomedes. His victory is immortalised in our watermelon and whisky pre-dinner sipper.

PLIGHT OF PROMETHEUS

Botanist gin, Roots Mastiha, fennel and chilli

13.00

Without Prometheus the world would be a very different place. Guilty of stealing fire and handing it to humanity in the form of technology and knowledge, the Titan god was punished by Zeus before being rescued by Heracles. Our ode to this deity is a gimlet cocktail with warming anise and bold spice.

FENIX NEST SOUR

Metaxa 7, Roots Rakomelo, roasted cashew and chocolate

14.50

Coffee roasting is an art form reliant on the careful and controlled use of flames, with each bean given a new life through that fire. Taking its name from the iconic Mediterranean roast, we present an invigorating and complex martini drink with the power to revitalise.

FREDDO MARTINI

Feragaia Aperitif, Greek coffee, Rooibos tea and roasted cashew

*With ODD Cafe Mézcal

8.00 / *12.50

Hephaestus used fire to craft the winged helmet and sandals that helped Hermes deliver vital messages, and armour to make Achilles almost invincible. In honour of his craftsmanship, we present a rich, nutty sour forged from roasted cashew, with depth introduced through chocolate and herbal notes.
